About This Content

Your mother's god, and the patron of the Pine tribe, Yune, is the god of creation and crafts. He offers you the sign of creation: to call forth objects from nothingness. Your father's goddess, and the patron of all the Northern Forest, Phy, is the goddess of life and healing. She offers you the sign of life: healing, strength of limb, command over all things that grow. Then, unexpectedly, a third power pulls upon your soul: Amiria, the goddess of love and music, mistress of beauty, who promises you the sign of illusions: the power to call forth the unreal.

When the gods of your parents come to claim you, unlock the ability to select a third option, the goddess Amiria, and unlock a whole new set of gifts in your quest to save reality from the dark god of destruction!
